Apology to Freedom Summits attendees.....
Unfortunately we are absolutely swamped with inquiries after the 4 Summits around the country and we are doing our best to get back to everyone with our very stretched resources.
We have well over 500 people to get back to with respect to;
1) Foundations,
2) Credit Liberation,
3) 'Start-A-Foundation' Partners Program,
4) Mortgage Class Action,
5) Fluoride Class Action, and
6) The Intentional Community.
We expect everyone will receive an email today about all of the above matters, and then we can commence with your various enquiries ASAP.
If you don't hear from us by Monday at the latest, please email cherie@freedomsummits.org and she will add you to the list.
Thank you kindly for your patience everyone

There is a current Change.org Petition for Queensland against Water Fluoridation out now, everybody should be promoting this constantly, because there is a State Election in a few months. Go sign NOW at https://www.change.org/.../campbell-newman-stop-the-rot...

Thanx Nina, yes well Mark and I have had some quite deep dialogues over the past few years, yes we agree in some areas, there are others that we have different positions. This is particularly evident within 'Blackfulla' discussions where there is much disunity and egos standing in the way. In regard to Max well I guess I will take a deeper look at his solutions.

Nina Jones, if you read my comment I said we agree on some areas others 'we have different positions', I didn't say we disagreed.

Many of you that have been following this page and/or have attended a Freedom Summit in the past will know of the amazing and tireless work of Ian R Crane.
Ian came out and spoke at one of our Summits in Australia years ago.
He has done his very best to wake people up about Fracking (and many other areas).
He is crook at the moment and so if you have the capacity to assist, I'm sure it would be greatly appreciated.
Kindly,... See more

We've been talking about this moment in time for well over a decade now.
Many of you have probably tried to introduce your friends to what's really going on with the 'system'.
Many of you have probably been labelled 'Tin foil hat wearers'.
Well....Here it is....and we just hope you're all as prepared as you can be.
History always favours the well prepared.... **See more**
